

How to Use Live Source Step by Step.

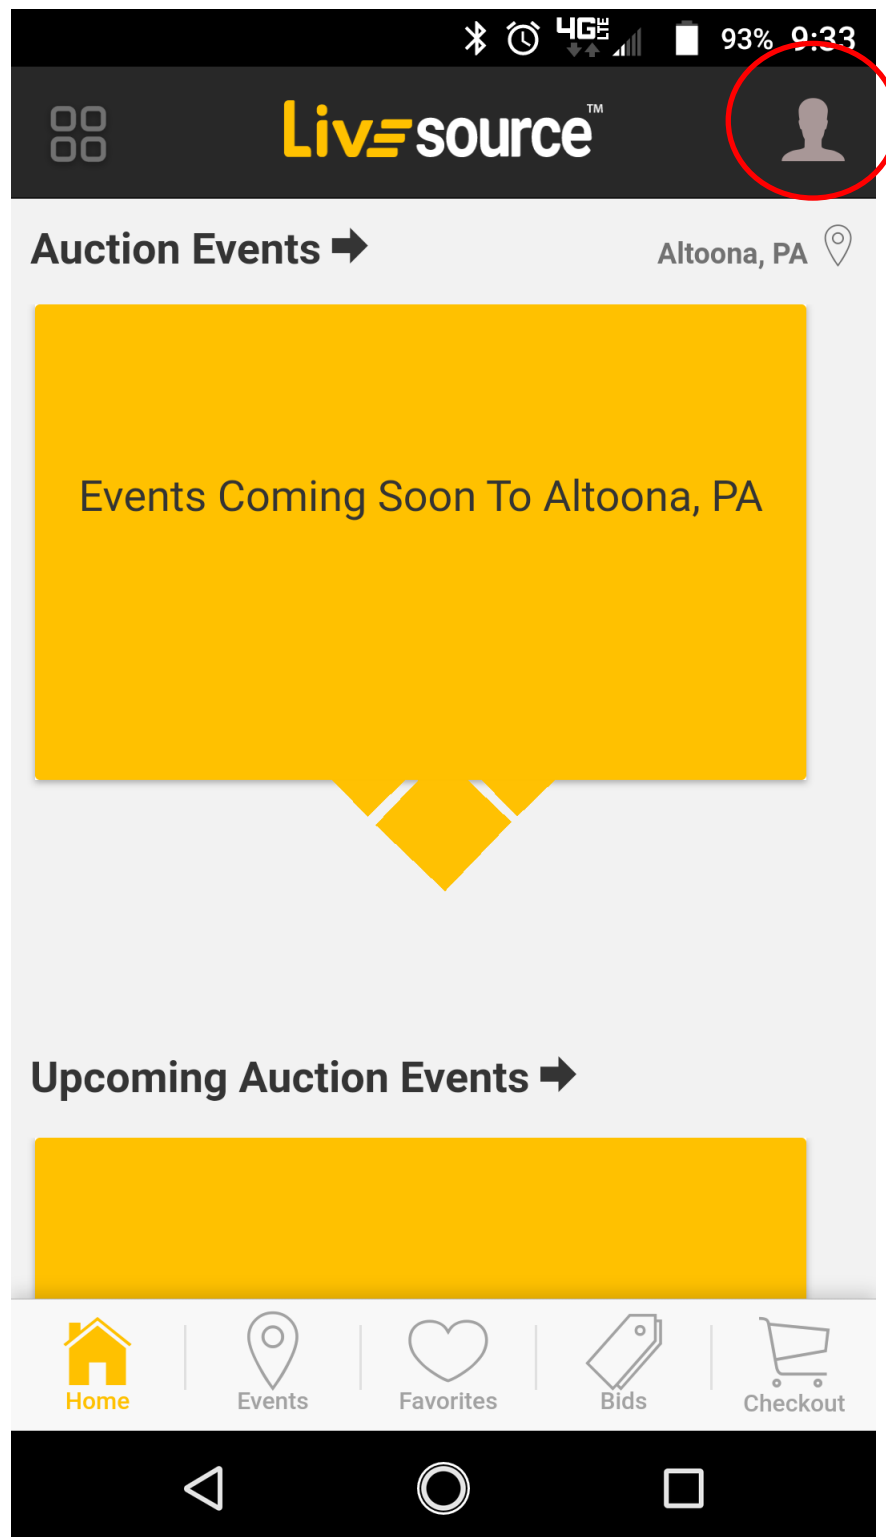

Step 1. Open App Store or Google Play

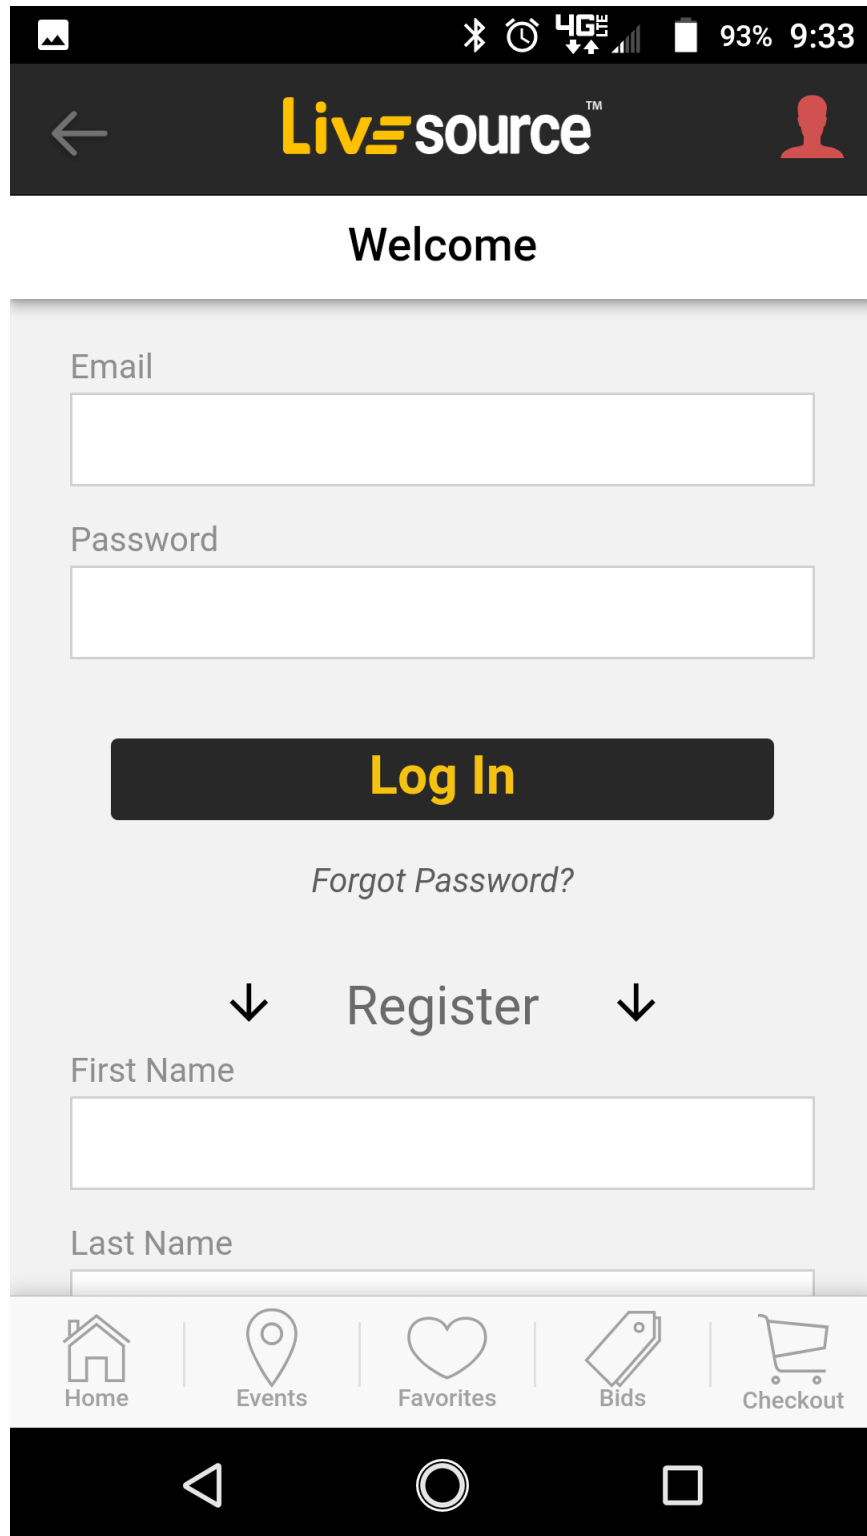

Screenshots

Step 2. Click on the person icon in the right-hand corner. The first thing logging in, it will flash red

Step 3. Log in or Create an account. If they have an account after logging in they will go to step 6.

The screenshot shows the LiveSource mobile app interface. At the top, there's a status bar with various icons and the time 9:33. Below it, a dark header bar contains a back arrow, the LiveSource logo, and a red user icon. The main content area is light gray and features a 'Welcome' heading. Below this, there are two input fields for 'Email' and 'Password'. A prominent black button with 'Log In' in yellow text is positioned below the password field. Underneath the button is a link for 'Forgot Password?'. Further down, the word 'Register' is centered, flanked by two downward-pointing arrows. Below 'Register' are two more input fields, one for 'First Name' and one for 'Last Name'. At the bottom of the screen is a navigation bar with five icons: a house for 'Home', a location pin for 'Events', a heart for 'Favorites', a tag for 'Bids', and a shopping cart for 'Checkout'. The very bottom of the image shows the standard Android navigation bar with back, home, and recent apps buttons.
